

USGS Earthquake Science Center

Join us for a brown bag lunch and movie screening of:

“BUILD IT BIGGER: AL HAMRA SKYSCRAPER, KUWAIT”

Go behind the scenes with the Discovery Channel and learn about the revolutionary engineering methods that went into constructing this 1350-ft (77-story) reinforced concrete building: the tallest building in Kuwait and the tallest twisting structure in the world.

(running time: approx. 45 min)

Note: Mehmet Celebi will be available afterwards to answer questions.

**August 7, 2014
Thursday 12 noon**

**Building 3
Alaska Conference Room**
